

EMCC Procedures Update

J. K. Sidotti

NSG May 2001

Current Status

- **The EMCC Activation and Operations Procedures for the Space Shuttle Program were last updated in September 1997**
- **There have been numerous changes in the Network in the last four years**
- **A Team is being formed to conduct a review and revision to the document**

Proposal

- **Elements are requested to begin a review of the document by May 28, 2001 and prepare redlines**
- **The document is located on the following web site:**
<http://csoc-ddcs.csoonline.com/docushare/dscgi/ds.py/View/Collection-3695>
username: emcc
password: a&oproc
 - (If you have trouble connecting to the web site contact: Steve Testoff/AS&T Documentation Support/GSFC 301-805-3066)
- **To receive a copy of the limited Telephone Supplement contact:**
 - **Larry Kort 301-805-3064 or Laura Huey 301-805-3084**
- **Please provide list of element reviewers to Bill Foster/JSC GC Office 281-483-0640 and Jo Ann Sidotti/SMM CSOC/GSFC 301-805-3244**

Schedule

- **We would like to conduct a review of the redlines and recommended changes by August 7, 2001**
 - **This will be either a sit down page by page review conducted at KSC or via telecon**
- **Final review and signature cycle to be complete by 21 September 2001**
